

Listing images guide

All sizes are width first, then height

Logo Image

We recommend a transparent png for your logo.

150px X 150px
if your logo is square

or

150px X 65px
if your logo is rectangular

Banner Image

1662px X 500px

By default the featured image will become your banner image and listing image (the preview of your listing in the Directory).

If you want your banner to be different to your listing image then select 'custom'.
